Policy Management

"Simbli's Policy software gives school boards the flexibility to efficiently manage their policies, while also giving them the power to access those policies in real-time, anywhere, on any device."

BRIDGET TANNEHILL
SECRETARY TO SUPERINTENDENT
SHEFFIELD CITY SCHOOLS ALABAMA

Best-In-Class, Online Policy Management Solution

Making sure your policies are up to date, in compliance and sent to the right people takes valuable time. Get hours back in your day with Simbli's Board Policy Management software—one place to manage, access and search your policies in multiple languages. Handbooks and manuals are fair game, too. So you can spend less time pushing papers, and more time celebrating wins.

SIMBLI'S POLICY SOFTWARE INCLUDES:

- Ability to create and manage manuals of other types, i.e. student or staff handbook, school safety manual, business continuity plan, financial procedures manual, IT procedures manual, and many more!
- Integration with local policy maintenance services
- Access to legal references on managed policies
- Access policy alerts and updates

- View and print policies in multiple languages
- Customize printing of a single policy, section, or the entire manual
- Search, filter and display results by one, many, or all Simbli Policy subscribers
- Collaborate on draft policies with inline comments
- Solicit public comments on draft policies

- Attach PDF versions of policies to board meeting agendas, strategic plans, or board evaluations
- Customize and assign sub-status' to draft policies
- Access archived versions of policies
- Mobile-ready, accessible on any device
- 100% ADA compliant
- Safe and secure with data backups - SOC 2 certified
